University of Milan
Milan, Italy

AstraZeneca's Commitment to Sustainability

\$19 million invested in environmental efficiency projects in 2020 (NRRGG fund)

CPD A Lists
One of three companies worldwide to achieve double A listing for Climate Change and Water Security for five consecutive years

89% of our power is sourced or generated from renewable sources

100% of API (Active Pharmaceutical Ingredient) discharges from AstraZeneca sites were assessed as safe

20% reduction in our water use since 2015

100% of our vehicles will be electric by 2025

This program was approved by the IASLC 2022 World Conference on Lung Cancer Program Committee as an independent activity held in conjunction with the IASLC 2022 World Conference on Lung Cancer. This program is not sponsored or endorsed by IASLC and is not part of the official IASLC accredited program

This is a non promotional industry symposium organised and sponsored by AstraZeneca

AstraZeneca is investing up to \$1 billion in a commitment to become carbon neutral by 2025 and carbon negative by 2030. Find out more about AstraZeneca's commitment to sustainability at our website
